NETWORKING AND SONGWRITING CAMP

THE ENTREPRENEURIAL AND CREATIVE INDUSTRY SUMMIT

OCTOBER 9-12, 2022

PALMA DE MALLORCA, SPAIN

This **“The Music Entrepreneurial and Creative Industry Summit”** is the first global meeting hosted by IMPF for music publishers, songwriters and friends, with creative talks, panels, and time to meet, create, connect, network and do business. The Summit will run from 09 to 12 October in Palma, Mallorca, Spain. A Songwriting Camp will run concurrently from the 07 to the 12 of October and will bring together 30 writers, each signed to a publisher member of IMPF. Songs written during the camp will be presented to the event on the evening of October 11th during a listening session.

"I'm so pleased to welcome everyone to Palma for the first ever IMPF-hosted large scale music industry summit. It's wonderful that so many of our friends and colleagues from around the world are together in the same place again. We've got a full conference programme to look forward to, covering the essential topics that are influencing our industry and community. We are very grateful for the kind sponsorship of Musixmatch, Downtown Music Services, On Music, and Session and we are delighted that the "Budde Bar" is here to celebrate 75 years of Budde Music, one of the founder members of IMPF. Without the exceptional work of Kemper Music Group, 22D Music Group, Alondra Music and the financing of Creative Europe none of this would have been possible. On behalf of the Board of Directors thank you all." Annette Barrett, President of IMPF

**With thanks to our sponsors:**

IMPF welcomes a diverse range of high-profile speakers from all over the world to share their expertise and insights at the Summit, covering a broad range of essential topics that impact our business. Find their details [here](#).
