customer experience.**

2. ■

A CMS THAT WORKS FOR PUBLISHERS

Experience quicker registrations, more seamless royalty processes, and reduced administrative barriers, ensuring that your members receive their payments without delays.

2. ■

Key BENEFITS FOR PUBLISHERS

One-click registrations with PROs & CMOs

Automated royalty tracking and distribution

Real-time dashboards for transparency

Fewer manual processes = lower costs

2. ■

Key BENEFITS FOR PUBLISHERS' MEMBERS

Faster payment cycles

Clear visibility of their earnings

Greater trust in publisher partnerships

2

OBJECTIVES

#1

Document

Document music creators' repertoire in detail using all available tools.

#2

Define

Define the relationships between all interested parties involved (Writes / Publishers / Societies).

#3

Track

Track all available income types / royalties.

#4

Distribute

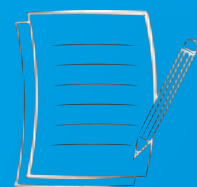

Distribute intellectual rights royalties for music works in an objective and transparent manner based on exploitation and distribution schemas.

#5

Provide

Provide coherent information to interested parties involving both repertoire and royalties.
